

Saf-T-Gard® Makes Meeting Concealed Carry Signage Regulatory Requirements Easy!

Saf-T-Gard® has everything you need to meet the Concealed Carry signage specifications set forth by the Firearm Concealed Carry Act (430 ILCS 66), which prohibits individuals licensed to carry a concealed firearm from carrying on, or into, any of the prohibited areas listed under Section 65 of the statute. This also includes private property owners with property under their control.

In accordance with this new law, owners of any statutorily-prohibited area or private property that prohibit the carrying of firearms **must clearly and conspicuously post the Illinois State Police approved sign at the entrance of the building, premises or real property.**

Saf-T-Gard proudly offers standardized Concealed Carry signage that meets these regulatory requirements. Signs are available in 4 1/2" x 6 1/2" and 7" x 10" sizes and in a variety of materials including plastic, aluminum and adhesive vinyl.

To Order Signs: Add material code after part number.
